BIOL-UA 999 Biology Senior Honor’s Thesis Course

Instructor:
Gloria Corruzi

Course Description:
Write a senior thesis (for submission).
Present and defend your thesis to your faculty committee.

Pre-requisite:
BIOL-UA 995 and BIOL-UA 998

Textbook and Required Materials:
- Chapter 4: Writing Lab Reports and Research papers
- Scientific Papers and Presentations
  Martha Davis
  Academic Press (3rd edition)
- Chapter 3: Organizing and Writing a Rough Draft
  A students guide to writing in the life sciences
  The President and Fellows of Harvard University, 2nd edition (2007)

Grading:
- Writing 45%
- Thesis Defense 45%
- Class Participation 10%

Members of your Thesis Defense Committee will determine your grade for the written and defense components.

Students planning to graduate with Honors in Biology must receive at least an A- grade for both written thesis and in their defense. And maintain a GPA of at least 3.65, overall and the major.
