

Appendix D: Petition for Field Study Credit

[Due by the end of the term before field work is to start]

Students interested in the subfields of Biological Anthropology and Archaeological Anthropology sometimes have the opportunity to participate in hands-on field schools, summer field programs, or intercession field programs run by institutions other than NYU. Provided that CAS has awarded or will award transfer credit for participating in the field school or field program, the Department MAY review the specifics of the program and the offering institution make a decisions as to whether or not to allow students to receive credit towards the major for participation in these programs. To have us evaluate whether a program could be counted for credit in Anthropology, please fill in the information below and provide the DUGS with as much information as you can on the curricular details of the program (syllabi, details on activities to be performed, etc.)
