Internship Application Form

Student's Name:

NYU ID:

Dear On-site Supervisor:

Thank you for agreeing to work with and supervise the above named MA student during his or her internship with your organization. The internship component is designed to provide students with practical experience in occupational fields related to a Master's degree in politics. The department recognizes the importance that internships play in the educational and professional development of our students. The Graduate School of Arts and Sciences requires that all internships have clearly defined learning objectives and goals and provide on-site supervision. We also require that the on-site supervisor provide a written evaluation of the student's efforts upon the completion of the internship.

Please take a few moments to fill out this form. Your help is much appreciated and we thank you in advance.
